A message from the principal:
Our Fantastic Voyage of 2010 has begun!

Our fourth academic year will be challenging—as always—but one we feel we will be successful because of high expectations for a good year, a positive attitude, a can-do spirit, and a commitment to work collaboratively with parents and the community in the best interests of all Warriors on campus. We understand our students have been entrusted to our care and are counting on us to make sure that they receive the academic tools necessary to prepare them for life after FCW and adulthood. The FCW faculty is ready for the challenge!

High academic achievement for all students through the collaboration of staff, parents, and the community is our mission. Failure is NOT an option. Welcome to the 2010-2011 Fantastic Voyage.

Mission:

To achieve the highest academic success through collaboration of staff, parents, and community.

Vision: We will carry out our mission to develop our students into life-long learners, so that college is an option for all Warriors. FCW will provide a nurturing, safe, and secure setting to all students who study on our campus—challenging them to their fullest potential.
