A message from the principal:

We are very pleased to start our new school year. Our theme this year is “Destined for Greatness!”. And to that theme, we have seen two consecutive years of GEE test growth. The community has rallied behind us and we are regularly hosting city wide events at Sarah T. Reed High. Our tutoring and Saturday programs are in full swing. Our students are poised to succeed and excited about what the future holds for Reed High. We believe it is our responsibility to see that every student succeeds because when they fail, we fail.

Mission: Our mission is to provide students with the academic, social, and intellectual skills necessary in today’s increasingly high-tech world.

Vision: Our vision is to be the best high school in New Orleans.
